

MEDIA RELEASE

Department of Export Promotion (DEP) of the Ministry of Commerce in Thailand to Exhibit at International Conference of Fashion Incubators in Perth 2011

The Third International Conference of Fashion Incubators will be held at the Parmelia Hilton in Perth, Western Australia from the 11th until the 13th of September 2011, and the Department of Export Promotion (DEP) of the Ministry of Commerce in Thailand has confirmed it will be exhibiting at the event.

Thailand has a comprehensive fashion and textile industry, offering everything from upstream materials to downstream finished products. The products are renowned for the quality of production and design. Decades of production experience and a modern sense of style make Thailand an obvious location for foreign fashion business.

To assure that foreign traders have information accessibility, service and convenience necessary for sourcing materials or importing Thai products into their countries, the Department of Export Promotion (DEP) of the Ministry of Commerce serves as a link between Thai exporters and foreign buyers by providing its highly convenient service.

Conference Convenor of the Third International Conference of Fashion Incubators Carol Hanlon said, "Those with a keen eye on prosperous business partnership in Asia, look to Thailand, and it is fantastic that they will be apart of the Third International Conference of Fashion Incubators in Perth next month."

The 3rd International Conference of Fashion Incubators will offer new opportunities for fashion business educators and fashion trade events from around the globe to network, discuss best practice and expand global designer marketing and promotional opportunities. The Conference will aim to build on past successful conferences of International Fashion Incubators held in UK and USA. It will assist the growth and development of fashion industry business educators and those that nurture and support emerging designers, as well as elevating Perth on the international fashion stage.

The event will present challenging speakers at the forefront of the industry as well as a range of practitioners willing to share their experiences and expertise, exhibitors and great opportunities for global networking. The Conference will also host Official Launch of the International Fashion Incubator Organisation.

A list of other speakers for the International Conference of Fashion Incubators can be seen at <http://www.fashionincubators.com/program>

The conference is being hosted by community organisations Textile Clothing Footwear Resource Centre of WA (TCFWA), designedge Fashion Incubator, TCF Global and the Belmont BEC. These organisations provide those in the fashion, TCF creative industries access to business workshops, online mentoring, forums, industry cluster networks, and national and global linkages to other small businesses operating in the textile, clothing, footwear & leather industry across Australia and around the globe.
