International textile fair a showcase for designers

LOCAL fashion designers and textile artists will have the opportunity to showcase their work at an international textile fair in Korea next month.

Five WA designers, two fashion buyers and two representatives from the Textile, Clothing, Footwear Resource Centre of WA (TCFWA), based in Belmont, will attend 'Preview in Daegu'.

TCFWA chief executive Carol Hanlon said she hoped the WA team would have a great impact

at the fair.

"Our goal is to showcase the design talents of WA textile and fashion designers," Ms Hanlon said.

"The participants will have the chance to market their products to global buyers, gain market insight and unique textile source for their designs, access diverse events including the international textile symposium, network with industry people and have the chance to visit the major textile companies in Korea."
